SIEMENS

Global network of innovation

HiPath 1100 –
convenient communication
for small and medium-sized
companies.

www.siemens.com/hipath

Communication that fits perfectly.

You manage a legal practice, or run a workshop? Perhaps you're a doctor or you manage a production company? You have a large number of customers, whom you know only over the phone, are always on call for your patients or are constantly in phone contact with your suppliers? If this is the case, you need a powerful telephone system that is future-proof, and that can be adapted perfectly to suit the size of your company. With HiPath 1100, Siemens offers you the right solution.

HiPath 1100 is the high performance phone family, made up of four systems, for companies with up to 140 users. With ADSL broadband access, HiPath 1100 offers tomorrow's communication technology. Integrated options, such as CLIP analog make your communication even more flexible. And HiPath 1100 is an especially cost-effective communications solution, not only in terms of purchase price, but also for installation and operation. It is especially simple to install and administer with the Windows Service Tool. New software ver-

sions are run via PC and the internet - conveniently and free of cost. Applications are straightforward to connect via the integrated V24 connection. And if your requirements change? No problem - with HiPath 1100 you can change up to ISDN at a later date. And HiPath 1100 phone systems always fit. The various models meet your requirements - from 16 to 140 users with between 6 and 32 lines. **HiPath 1100 - the smart phone system for demanding customers.**

The perfect match: the Profiset family.

The Profiset family from Siemens is a range of attractive, exceptionally high performance phones, with a host of convenient functions.

Profiset 3005
- Mute
- Redial
- Flash programmable
- 14 Memories
- 3 ring volumes/melodies

Profiset 3010
like Profiset 3005 plus:
- Music on hold
- Electronical Key lock
- Function keys

Profiset 3015
like Profiset 3010 plus:
- Hands Free
- LCD display
- 16 memories

Profiset 3020
like Profiset 3010 plus:
- CLIP (FSK)
- LCD backlight
- Memories
- Incom. caller list

Profiset 3025 (Brazil)
like Profiset 3010 plus:
- CLIP (DTMF)
- LCD backlight
- Phone book
- Incom. caller list

Profiset 3030
like Profiset 3015 plus:
- c/d Interface
- Hands Free
- Power Fault
- 16 signal keys

Fully straightforward – the convenient administration functions.

The HiPath 1100 telephone system supports you with many convenient functions for installation and operation.
- Administration by extension
- Administration via V24 or USB* and ComServer (required)

- Automatic in-service on all extensions
- (Automatic)* remote software update from PC via internet and ISDN
- Country-specific configuration
- Remote administration

* Supported in version 5.2
